Looking Back

We had a great end of the school year at the Greenhouse this spring. Our K/1 teacher went on maternity leave, so I took over for her and finished the school year in that class.

I was also able to get a substitute every Wednesday afternoon so that I could continue

teaching music for the whole school! The kids always have a blast playing bells, boomwhackers, rhythm instruments, or anything else we may be doing. The other

teachers always knew it was music day because I would show up at staff devotions in the morning literally vibrating with excitement! This was the first time the school had been able to have someone teach music class in over a decade, so parents and students alike were thrilled for the opportunity.

Of course I miss the Kuhn kids, but I'm glad I get to continue to serve as an LBTC missionary kids teacher even while their family is in Canada on furlough!

Over the Summer

For most of June and July, I returned to Canada and was able to speak at many churches across Ontario and Manitoba.

It is always wonderful to connect with the people who support missionaries like me, both through prayer and finances. Thank you! If you would like to do the same, you can use the website or other contact information at the top of this paper to help me reach the \$20,000 it takes to work overseas for a year, or to receive a prayer calendar with specific ways you can pray for the work that is being done.

Another highlight of the summer was attending the National Convention of the Lutheran Women's Missionary League as an exhibitor, where I was able to speak with many lovely people about the work of LBTC.

Looking Ahead

By the time this update lands in your mailbox or inbox, I will be back in Yaounde, Cameroon, setting up my classroom for the new school year! This time, I'll be teaching grades 5 & 6. I'm excited for all the things we're going to be learning this year!

Prayer Requests

→ Pray for the children attending The Greenhouse, that they would grow in knowledge, faith, and character in the coming year.

→ Thank God for the work these childrens' parents are doing in bible translation and other areas of mission across the country.

→ Ask the Lord to either smite the ants in my apartment, or give me bravery to coexist with them.

→ Pray for me as I spend the next year without an English-speaking Lutheran church to attend.

→ Give glory to God for the work he is doing through The Greenhouse, our sister middle/highschool Rainforest, and through all of LBTC!
